Attachments: Asbestos SNUR press release 04 17 19 12PM.docx

Alex is good with the edit as well, per Linda. Here is the final release with the updated quote. I also turned to of the links into hyperlinks so it was easier to read. Thanks.

Subject: RE: final AW quote question

I think its ok to remove as we are just talking about the ability to prohibit. We don't want people to read it as saying we will not allow any asbestos ever. IF our risk evaluation finds that there are some uses that are totally closed system and have no risks, then we would allow those uses.

Thanks.

Subject: final AW quote question

AW likes the revised quote but wants to take out one word (highlighted below). Are you okay with this? Thanks!
